Letter of Recommendation for Chad Nestell

My name is Randy Kazmierski, and I am a Professor of Engineering Technology and Business Management at Saginaw Valley State University.

Please accept this letter of recommendation for Mr. Chad Nestell. Mr. Nestell was a student in two of my courses within the Engineering Technology curriculum: ETM 364 – Quality Control and Assurance and ETM 365 – Lean Manufacturing. He excelled in both courses, earning the top rank in each and achieving the highest possible grades.

Mr. Nestell possesses a strong educational foundation that complements his professional and life experiences. He is knowledgeable in design, manufacturing, and quality-related functions. He is focused, goal-oriented, and committed to continuous improvement through data-driven analysis.

In a recent conversation, I was particularly impressed by Mr. Nestell's attitude toward success. He has developed a thoughtful plan to continue building his professional experience while applying his academic knowledge to strengthen his skill set. This approach will undoubtedly enable him to become a valuable asset to any organization. His enthusiasm and dedication to his future goals are evident. Notably, his aspirations extend beyond personal achievement to include collaboration and teamwork. Mr. Nestell is committed to supporting others and demonstrates the ability to contribute effectively as both a team member and a leader.

I highly recommend Mr. Chad Nestell to your organization. He is an outstanding individual who will contribute meaningfully and help drive organizational success.

Please feel free to contact me if you have any questions.

Sincerely,
Randy Kazmierski, PhD
